#### Vigier Hockey Spring Hockey Development

**Vigier Hockey** training programs aim to develop each player year after year to build on learned skills each season and our *Spring Hockey Development Program* is no different. We offer a unique hockey experience in a program that has a number of component parts. Each piece of the program has been specifically designed to focus on a particular set of hockey skills.

The main focus for J.P. is Development vs. Winning. Save money, time and frustration by joining J.P's gang to avoid the crazy schedule and come develop during well-organized practices that will focus on areas such as speed, agility, passing and shooting.

# Message from the Board **President**

Thank you for taking the time to read our first newsletter of 2016. We're excited to tell you about the many great things happening at Dakota, and hope you enjoy this new and improved format.

If you're a frequent visitor to the Jonathan Toews Sportsplex, or even if you just stop by occasionally, you've no doubt witnessed that the building is a hub of activity more often than not.

Our staff has been very busy developing and running programs and events, managing projects (big and small), and keeping the building and grounds in top shape. A huge THANK YOU to Dakota CEO Michele Augert and her entire team for the hard work they put in every day to make Dakota great.

Knowing that the club's day-to-day affairs are in solid hands, our board of directors has been able to turn its attention to the months and years ahead.

At the time of this writing, the Dakota board has completed a comprehensive strategic planning exercise – the first ever for our community centre. This undertaking and the resulting strategic plan has helped us to clearly articulate the club's values, refine our mission statement, and set achievable goals in an effort to better serve the membership for many years to come.

And as part of this process, I'm pleased to say that our club will commit to an even greater level of community engagement. We want YOU involved at Dakota Community Centre! So we'll find ways to bring you here: as volunteers, coaches, attendees at our special events, participants in some of our many programs and offerings, just to name a few. Our club is not limited to one or two sports; it offers so much more than I could possibly squeeze into these paragraphs (as you'll see in the following pages). And fundamentally it is a gathering place for people of all ages and backgrounds. We want you to join us!

Finally, you've probably noticed that construction of our fieldhouse is finally underway. It's an exciting time to be a member of Dakota, and a hectic time too! We thank you in advance for your patience and understanding during this construction phase, and we'll do our best to ensure there's minimal disruption in delivering excellent programs and facilities for our community.

We look forward to serving you this year!

**Tom Thiessen Board President** tom@bomamanitoba.ca

## Message from the Chief **Executive Officer**

My sincere thanks to everyone for the warm welcome and support I received, after joining Dakota Community Centre this past August.

It's been an exciting and productive six months moving forward with a number of immediate priorities, as well as getting acquainted with the hard-working and committed Board, staff and volunteers who ensure the success of this **Community Centre!** 

Getting the Fieldhouse on its way was on the top of my list and, I'm sure many have now noticed the flurry of construction activity on the north side of the Jonathan Toews Sportsplex! We were very pleased to have so many of you join us to at our Open House in October and. to officially kick-off the project's start at our Sod-Turning Ceremony in November. This exciting addition will offer something for everyone in our community and, I look forward to keeping you apprised as the Fieldhouse progresses.

As part of our effort to keep you informed, this newsletter is sent to over 10.000 homes in our catchment area each spring and fall, and we thank the community sponsors who help to make this possible. We also distribute a monthly Enews bulletin, designed to more regularly keep you up to date on happenings and programs available at Dakota. Visit our website to sign up to ensure you have the latest information in your inbox each month! Speaking of our website, a new website will be launched shortly, designed to better serve you when registering for programs or gathering information on programs and activities - please check us out at www.dakotacc.com!

With online registration for spring/summer sport programs beginning on March 1, I'd also like to encourage and welcome new people to try a sport or sign up to try something new at Dakota this spring!

It's been a genuine pleasure to speak with and learn from so many of you who share my passion for building a healthy, vibrant community through the success of this Centre. I look forward to engaging with many more of you in the coming months.

# **Construction Begins on** New Fieldhouse at Dakota

The dream of a Fieldhouse at Dakota Community Centre is turning to reality. We're extremely happy to report that construction has begun on the 60,000 square foot addition, adjacent to the current Jonathan Toews Sportsplex!

So much has happened in the past few months leading us to this point. Following a well-attend community Open House in October, representatives from the Province, City of Winnipeg and Dakota participated in a Sod-Turning in November to mark the start of construction. Joining Board President Tom Thiessen and CEO Michele Augert with shovels and kind remarks were, Winnipeg Mayor Brian Bowman, Theresa Oswald, MLA for Seine River, Christine Melnyk, MLA for Riel, and City Councillor Brian Mayes (Councillor Janice Lukes was with us in spirit!). Many partners, supporters and friends from the community, along with staff, past and present Board members and volunteers, braved the chill and threat of rain to be there to witness this historic day for the Centre.

With the sod turned, Ft3 Architecture and Landscape Interior Designs are putting the final touches to the design details. A multi-purpose studio has also now been configured into the design to allow for dedicated space for yoga and other health & wellness activities.

Bird Construction arrived in December and, have since erected a fence encompassing the entire construction site. The permanent outdoor rinks have been demolished, and other site

preparation work and excavation are underway to prepare for construction piling in early March. A temporary outdoor rink was constructed on the northeast corner of the parking lot to preserve this well-loved winter pastime at our community centre.

Access for construction vehicles is being directed to the north side of the property, to provide a safer environment for the large numbers of individuals and students who access our campus via Dakota Street each day. We sincerely thank the residents of Rillwillow Place for their cooperation and patience throughout this construction phase.

While this is an exciting time for our community, we also recognize that construction can cause some disruptions. On behalf of the Dakota Community Centre Board and staff, we thank you in advance for your patience and understanding during this construction phase. We will do our best to ensure your safety and minimal disruption to the services and programs we provide, until the new Fieldhouse is complete in spring 2017.

For more information on the new Fieldhouse visit our website www.dakotacc.com

# **Optimal Training Academy**

#### 2016 SUMMER PERFORMACE PROGRAM

Optimal Training Academy is one of the most specific and intense summer programs focusing on the primary components of athletic development. Our athletes build speed, agility, strength, power, and muscular endurance. Our coaches introduce the importance of nutrition and how to make lifestyle changes for the developing athlete. Training will be done with weights, which will allow young athletes to become familiar with Olympic lifts, in combination with plyometric and advanced training strategies.

#### **DRYLAND TRAINING, MAY 9 – AUG 26**

- 16 Weeks \$1100.00 4 Week Blocks \$275.00
- 2 Weeks \$137.50
   1 Week \$70.00

#### **ON ICE TRAINING JULY 5 – SEPT 1**

- 18 On Ice Sessions \$450.00 Per Ice Time \$30.00
- Combine the 16 week Drvland and 18 week Ice Training -\$1350.00 • Goalies - Contact

To register, visit www.dakotacc.com. Contact Terry Hadlow, Head Coach, at terry@dakotacc.com or visit our website for more details.

## Meet the Community Centre Staff

#### Erin Homewood, Finance Manager

How long have you been at Dakota Community Centre? This July will mark 16 years!

What were you up to prior to joining us? I was at the Winnipeg Winter Club for 5 years prior to coming to Dakota Community Centre. I have always enjoyed working in recreation/sporting organizations.

What do you like best about working at Dakota Community Centre? Definitely the people I work with. Rarely a day passes without a good laugh.

## What is one thing about you that might surprise people?

Probably that working in numbers was the last thing I wanted to do, but my dad promised me I'd never be out of work if I went this route.

What do you like to do in your free time? I love to golf, travel, spend time with my dog and family and volunteer at various wildlife/animal rescue organizations.

### Breakfast with Santa a 'Sweet Success'!

A full gymnasium of children and their families from our community had the chance to spend quality time with their favorite duo in red and white during the Breakfast with Santa event on Saturday, December 12th at Dakota Community Centre.

The annual event was completely sold out a few days before, where nearly 300 people packed the Jonathan Toews Sportsplex Gymnasium and had the chance to eat and mingle with Santa & Mrs. Claus, as well as sing along with Winnipeg's-own children's entertainer, Jacques Chenier! All children went home with a special gift and big smiles!

Thank you to our event committee and volunteers!

A very special thanks to our 2015 Santa Breakfast Sponsors for your generous support!

# **Dakota Baseball**

Baseball season is around the corner and I'm looking forward to another fun and active baseball season! I want to express my appreciation to all the coaches, managers and volunteers from last season. Volunteers are crucial to the success of our program and we are grateful and thankful for your time and effort! Again this year we will need your help to ensure the program is run smoothly and effectively. Anyone wishing to become a new Baseball volunteer can contact me directly.

Keep checking the dakotacc.com and the baseball page for updated/new information for the upcoming season.

On the BoniVital Baseball front, the AAA & AA tryouts take place at the new U of W sports complex this year, from April 4th - 14th. More information will be shared on the BoniVital Baseball website.

Getting ready for the upcoming season? Check out Baseball Manitoba's website for info/links to winter/spring break camps.

Last but not least, another integral part of making baseball fun and successful is umpiring! We strongly encourage anyone 13yrs old or older to consider becoming a baseball umpire! BoniVital baseball will be holding umpiring clinics in our area prior to the start of the season - check the website or contact me for more details.

See you at a baseball diamond near you!!

Luc Jubinville Dakota Baseball Director baseball@dakotacc.com

> Congratulations to Dakota's Ryann Bannerman, one of the goalie's with Team Canada, who won the World Ringette Championships in Helsinki, Findland in January!

# **Female Hockey Reaches Record Numbers!**

Two all-female Timbit hockey teams were formed at Dakota Community Centre this year, with over 20 girls signing up to play! Over 50 girls are playing in the Female Novice league (7/8yr olds) with another 44 girls at the Female Atom level (9/10yr olds).

Anyone interested in trying female hockey please visit stvitalhockey.ca and signup for our spring 3v3 Novice and Atom development camps or email symhafemalehockey@gmail.com for more information.

# **Message from the Hockey Director**

This season Dakota Community Centre hosted 39 teams in all age groups and skill levels from 5 to 17 years of age. As I write this, all teams are in their second half of the winter hockey schedule and participating in tournaments all around the City, Province, Canada and even in the United States. Members of the Dakota Hockey committee wish all players, parents and volunteers the best of luck, safe travels, and best wishes in your upcoming playoffs.

We would also like to encourage all individuals interested in getting their child involved in hockey to contact myself or to stop by Dakota to talk to other hockey families, volunteers and staff. We are happy to answer any questions you that you may have. Play safe, have fun and remember- we do this for the kids!
