

DAKOTA FIELDHOUSE

Connected to the Jonathan Toews Sportsplex, the new \$20.5 million Fieldhouse adds 60,000 sq. ft. of sports and recreational space to the Dakota Community Centre and includes the features noted below.

FLOOR SPACE

- 30,000 sq. ft. of Premium hardwood gymnasium floor space to accommodate a multitude of sport and recreation activities including overlaid court lines for:
 - Volleyball – 3 full-sized feature or 6 full sized cross courts
 - Basketball – 3 International Basketball Federation (FIBA) regulation-sized courts with rear folding backstops
 - Badminton/Pickleball – 12 courts
- Ceiling height offers 9 meters of unobstructed clearance from floor to ceiling in all playing fields
- Gymnasium provides a sizable open space for large scale events, but also includes 7 retractable curtains to divide and configure the space in multiple sizes for a variety of smaller use activities and sports. A premium sound system provides quality sound and music for a variety of events.
- Large/accessible change rooms with multiple shower facilities and washrooms
- Several storage areas to house sport equipment and supplies

- Mobile retractable bleachers – 12 banks providing seating for 500 spectators
- Health & Wellness studio provides 1,000+ sq. ft. of private space for activities like yoga and includes a dedicated sound system, mirrors and storage cubbies for personal items
- Lobby area includes a large reception office along with a food concession/seating/eating area with viewing windows to the gymnasium

MEZZANINE/TRACK LEVEL

Surrounded by three full sides of windows, providing an abundance of natural light and views to the outside and gym space below, the track level includes:

- Walking/running track – 3 lanes; 200 metres each; (8 laps to a mile)
- Sprint Lanes – 3 or convertible to 6, 60 meter lanes for sprint training
- Small fitness equipped areas offering a small selection of equipment & free weights
- Elevator with controlled access for track-level members

GENERAL FEATURES

- Building occupancy – 1500 persons
- Fieldhouse & site are fully accessible to persons with disabilities and includes many features that meet and/or exceed accessibility design standards (see side bar)
- Full covered/heated connection to Jonathan Toews Sportsplex & planned outdoor rink
- Beautifully finished external site, providing an abundance of new trees and landscaping
 - Large paved parking area with 122 new stalls and full connection to College Jeanne Sauve parking & Dakota Street access
 - Oversized drop off/pick up areas for large vehicles & buses
 - Numerous bicycle racks in highly visible locations
 - Large outdoor canopy with lighting and benches
- Built to Hydro POWERSMART and LEED Silver Certification Standards

NEW SPACES DESIGNED WITH OUTSTANDING ATTENTION TO ACCESSIBILITY

- All common spaces in the new Fieldhouse, including washrooms, change rooms, entryways, hallways, reception & concession area, water fountains, sinks, showers, etc. have been built to meet or exceed City of Winnipeg Accessibility Design Standards
- Added design features include the addition of a hardwood floor playing surface, which is an important element for wheelchair sports
- Increased space between divider curtains was incorporated to enhance movement for persons with a disability to move freely throughout the entire main floor gymnasium space
- The soon-to-be constructed outdoor community rink is being designed to be fully accessible and accommodate all para-related ice sports and activities
